CLEANING UP DRY STORAGE

We continue to keep Palm Cove Marina a safe and clean environment. Any customers that have personal belongings they cherish and would like to keep.... Please remove them from our dry storage building by 8/1/21

TIS THE SEASON....

It is that time of year again!! After an active Atlantic hurricane season in 2020, Accu Weather forecasters are predicting 2021 to result in a near – to slightly above normal season with 13 to 20 named storms of which 6 to 10 could become hurricanes including 3 to 5 major hurricanes. Here is hoping we never here these names in our weather forecast: Danny, Elsa, Fred, Grace, Henri, Ida, Julian, Kate, Larry, Mindy, Nicholas, Odette, Peter, Rose, Sam, Teresa, Victor, and Wanda.

DRY STORAGE CUSTOMERS PLEASE HELP US HELP YOU!!

When calling the dry storage phone, if your forklift operators don't answer your call please leave a detailed message, our operators retrieve these messages every few minutes. This request will actually speed up our process.

Please limit your time to 30 minutes on both the B-Dock and our wash racks. We encourage you to spend as much time as you wish in any open wet slip, please make sure there are no electrical cords, dock lines, water hoses or bumpers in your wet slip choice, please check with our staff for availability. Keep in mind our forklift and ships store will stop 15 minutes before the posted time.

FUEL PRICES...Our goal is to have the **LOWEST** fuel prices in the surrounding area.
